2.1.2 Percentage of seats filled against seats reserved for various categories (SC, ST, OBC, Divyangjan, etc. as per applicable reservation policy) during the last five years

(A.Y. 2018-19 to 2022-23)

The institute offers a Bachelor of Pharmacy (B. Pharm) program that is approved by the Pharmacy Council of India (PCI) and affiliated with KBC North Maharashtra University in Jalgaon, Maharashtra. Admission to the B. Pharm course follows a standardized process, primarily based on merit determined through the Maharashtra Technical-Common Entrance Test (MT-CET) conducted by the Directorate of Technical Education (DTE) in Maharashtra. The admission process adheres to the guidelines provided by the DTE, Maharashtra State. Typically, 80% of the total available seats are filled through a centralized admission process (CAP) conducted by the competent authority, while the remaining 20% of seats, known as management seats, are filled directly at the institute level (IL) by the institute itself. However, it's important to note that the seats reserved for candidates from backward categories in Maharashtra state are exclusively allocated through the centralized admission process, accounting for 80% of the total seats. All the reservations given by DTE applicable to candidates belonging to Maharashtra State only subject to the fulfilment of the eligibility criteria specified by respective authorities from time to time. The percentage of reservation is the percentages of the seats available for Maharashtra candidates, coming under the CAP. Backward class candidates shall claim the category to which they belong to at the time of submission of application form for CAP. The specific details regarding the percentage of seats reserved and the distribution of seats for various reservation categories can be found in the Information Brochure published by the DTE each year, and this information is accessible on their website at www.dtemaharashtra.gov.in.
