## CRITERIA:2

### TEACHING-LEARNING AND EVALUATION

Key Indicator: 2.3	Teaching-Learning Process
Metric No: 2.3.1	Student centric methods, such as Experiential learning, participative learning and problem-solving methodologies are used for enhancing

Data related to **Participative learning** along with proofs

- 2.1 Awareness program
- 2.2 Webinar / seminar
- 2.3 Avishkar
- 2.4 Seminar presentation / research progress presentation

## 2.1 AVISHKAR

Avishkar, an annual event organized by North Maharashtra University, stands as a prestigious State-Level Inter-University Research Competition. Each year, this remarkable initiative draws a substantial number of students, all driven by their thirst for knowledge and a fervent desire to explore the uncharted territories of research. Avishkar presents an unparalleled platform for these aspiring researchers to delve into the realm of academia, fostering a culture of curiosity and innovation. This event transcends mere participation; it is a conduit for the manifestation of inventive ideas and pioneering concepts. Students who engage with Avishkar not only embrace the opportunity to exhibit their cutting-edge work but also embark on a journey of self-discovery. With every project they present, they nurture their communication skills and fine-tune their ability to convey complex concepts with clarity and precision. Avishkar's significance extends beyond the boundaries of academia. It ingrains a positive attitude and the invaluable art of problem-solving in these young minds. Through this endeavor, students cultivate a spirit of resilience and adaptability, virtues that will undoubtedly serve them well in their future careers. Our college takes great pride in actively participating in Avishkar year after year, with a substantial representation of students who showcase their ingenuity and passion for research. The event has become an integral part of our academic calendar, a testament to our commitment to nurturing the next generation of innovators. Moreover, Avishkar not only encourages participation at the university level but also serves as a stepping stone for those with extraordinary talent. Exceptional researchers are propelled to National and International platforms, where they have the opportunity to present their work to a global audience. This not only recognizes their dedication but also elevates the university to new heights of academic excellence. In summary, Avishkar is more than just an annual event; it is a cradle of innovation, a launchpad for young talent, and a symbol of academic excellence. It not only fuels the spirit of discovery but also shapes the future of research, academia, and the global community."
